

Find the sum

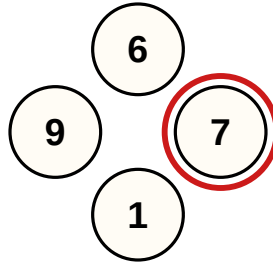

Circle the number that is the sum of two others. Write the number sentence.

1.

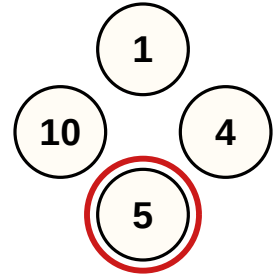

$$\underline{6} + \underline{2} = \underline{8}$$

2.

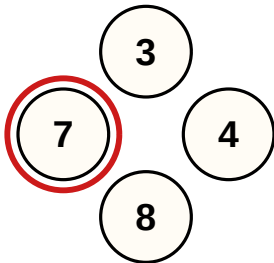

$$\underline{6} + \underline{1} = \underline{7}$$

3.

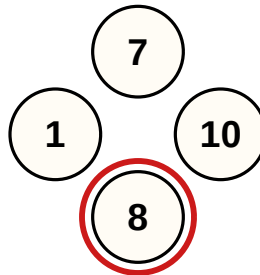

$$\underline{1} + \underline{4} = \underline{5}$$

4.

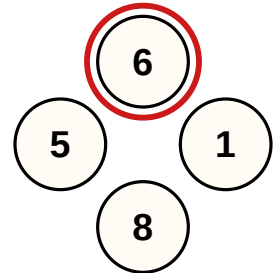

$$\underline{3} + \underline{4} = \underline{7}$$

5.

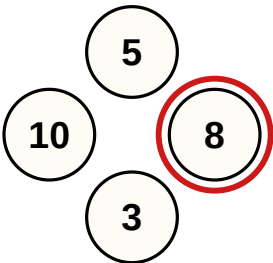

$$\underline{7} + \underline{1} = \underline{8}$$

6.

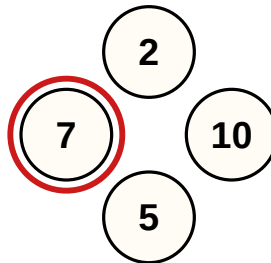

$$\underline{1} + \underline{5} = \underline{6}$$

7.

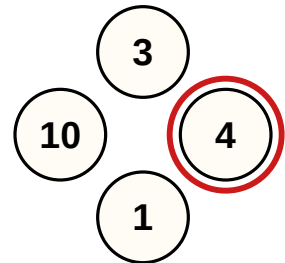

$$\underline{5} + \underline{3} = \underline{8}$$

8.

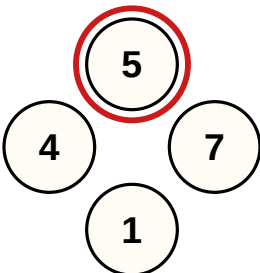

$$\underline{2} + \underline{5} = \underline{7}$$

9.

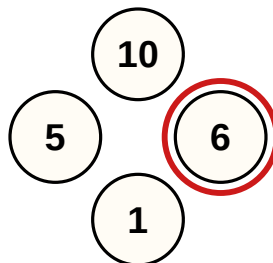

$$\underline{3} + \underline{1} = \underline{4}$$

10.

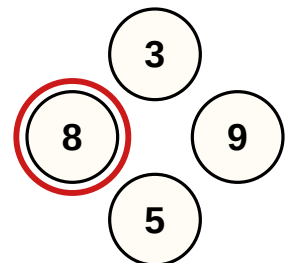

$$\underline{1} + \underline{4} = \underline{5}$$

11.

$$\underline{1} + \underline{5} = \underline{6}$$

12.

$$\underline{3} + \underline{5} = \underline{8}$$
