

Find the sum

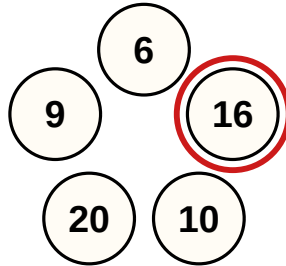

Circle the number that is the sum of two others. Write the number sentence.

1.

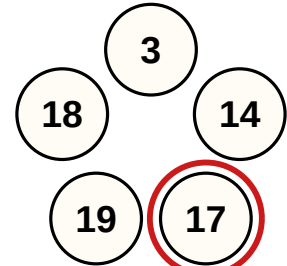

$$\underline{6} + \underline{5} = \underline{11}$$

2.

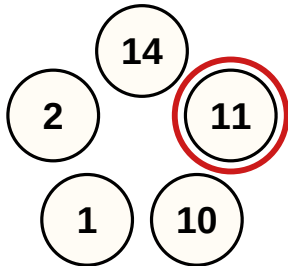

$$\underline{6} + \underline{10} = \underline{16}$$

3.

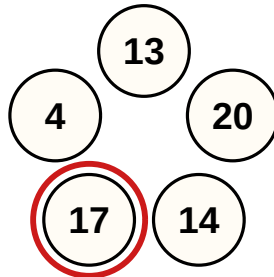

$$\underline{3} + \underline{14} = \underline{17}$$

4.

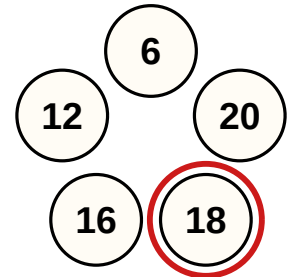

$$\underline{10} + \underline{1} = \underline{11}$$

5.

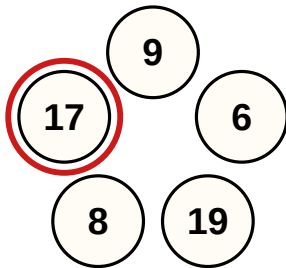

$$\underline{13} + \underline{4} = \underline{17}$$

6.

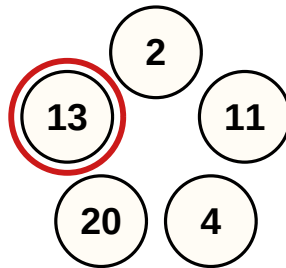

$$\underline{6} + \underline{12} = \underline{18}$$

7.

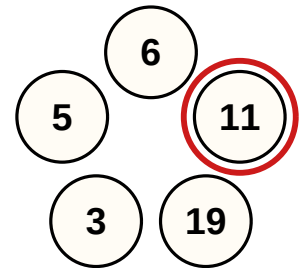

$$\underline{9} + \underline{8} = \underline{17}$$

8.

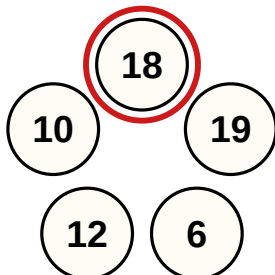

$$\underline{2} + \underline{11} = \underline{13}$$

9.

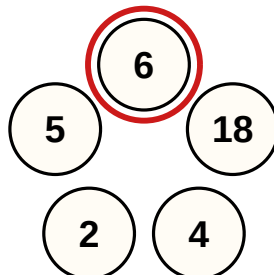

$$\underline{6} + \underline{5} = \underline{11}$$

10.

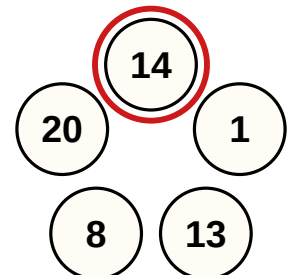

$$\underline{6} + \underline{12} = \underline{18}$$

11.

$$\underline{4} + \underline{2} = \underline{6}$$

12.

$$\underline{1} + \underline{13} = \underline{14}$$
