

Slope from two points

Find the slope of the line through each pair of points.

1.

A(-8, -7) and B(-7, 2)

Slope = 9

2.

A(-4, 0) and B(-1, -3)

Slope = -1

3.

A(-8, 9) and B(-4, 4)

Slope = $-\frac{5}{4}$

4.

A(3, 7) and B(2, 8)

Slope = -1
